

# VIDEO CEILING-SYSTEM

**Bring it up!**

# Ceiling Panels

## Discover new Room Concepts

Video Ceiling Systems make it possible to equip complete or partial ceilings with LED displays and play videos, movies or animations on them.

They have the perfect measurements to replace standardized ceiling grid panels of 62 x 62 cm.

The system is especially suitable to create the intended atmosphere in shop entrances or conference rooms.

## Features

---

- ⇒ Integrable in standardized ceiling grids
- ⇒ Size 62 x 62 cm
- ⇒ Pixel pitch: 6 mm
- ⇒ No color shift
- ⇒ Creative interior design
- ⇒ Simulation of different light conditions

## Details

	Ceiling

Resolution	96 x 96
Brightness	1200 cd/m <sup>2</sup>
Color depth	14 bit
Module dimensions	
Dimensions	620 x 620 mm
LED display	
IP rating	IP43
Power consumption max./m <sup>2</sup>	490 W
Power consumption ø/m <sup>2</sup>	280 W
Horizontal viewing angle	140°
Vertical viewing angle	140°
Refresh rate	> 960 Hz
Controlling	NOVA

# LED display made by LEDCON

Customer-focused project management, uncompromising quality of products, as well as overall professional service entitle LEDCON systems to one of the leading producers of LED systems.

In recent years a powerful set of enterprises from development to sales has grown on the 3500 m<sup>2</sup> company site. This cooperation ensures an extraordinary flexibility thus enabling even highly customized solutions.

You plan an Out-Of-Home-Display, a Digital-Signage-Screen or an information banner at your point of sale - we manage any environment and purpose of messages via LED systems precisely shaped to your individual concepts and needs. A globally spread network of providers sets LEDCON into a position to select the best suited components for any imaginable LED display project and precisely shape according to your imaginations.

LEDCON accompanies your project from its first ideas to setting it into operation. No time-consuming coordination of scattered branches for you - one of our skilled and

experienced project managers guides you along throughout the project as your single, personal addressee.

Our support concept comprises assistance in visualisation matters, CAD based design, calculation, matters of statics, sketches of details and of course in the final installation and setting into operation.

If required we additionally support you in matters of administrative permission or composition of relevant project data.
