

TBOARD

SHELFTICKER

directly on the Product

TBoard

Digital Shelf Signage

TBoards shine in their performance for slim and innovative signage and routing systems first and foremost in the retail area. The opportunity for dynamic pricing, targeted promotion, or showing product or brand information, arises.

The tool-free installation and connection make the use particularly easy and flexible. The displays with a width of 30 cm are shockproof, which enables a versatile usage. The pixel pitch of 1.8 mm results in razor-sharp images.

Features

- ⇒ Pixel Pitch 1.85 mm
- ⇒ Easy Handling
- ⇒ Ultra Thin
- ⇒ Light Weight
- ⇒ Low Power Consumption
- ⇒ High Contrast

Details

Power Consumption ø/m ²	8 W

LED display made by LEDCON

Customer-focused project management, uncompromising quality of products, as well as overall professional service entitle LEDCON systems to one of the leading producers of LED systems.

In recent years a powerful set of enterprises from development to sales has grown on the 3500 m² company site. This cooperation ensures an extraordinary flexibility thus enabling even highly customized solutions.

You plan an Out-Of-Home-Display, a Digital-Signage-Screen or an information banner at your point of sale - we manage any environment and purpose of messages via LED systems precisely shaped to your individual concepts and needs. A globally spread network of providers sets LEDCON into a position to select the best suited components for any imaginable LED display project and precisely shape according to your imaginations.

LEDCON accompanies your project from its first ideas to setting it into operation. No time-consuming coordination of scattered branches for you - one of our skilled and

experienced project managers guides you along throughout the project as your single, personal addressee.

Our support concept comprises assistance in visualisation matters, CAD based design, calculation, matters of statics, sketches of details and of course in the final installation and setting into operation.

If required we additionally support you in matters of administrative permission or composition of relevant project data.
